

## Notifying the Regional Healthcare Coordination Center (RHCC) Through VHASS

Log in to your Virginia Healthcare Alerting and Status System (VHASS) account by visiting [www.vhass.org](https://vhass.org)

Once you are logged in, click "Create Notification".

You will be directed to a page titled “Create Event Notification”. Proceed to fill in information regarding the event. Fields highlighted in yellow are mandatory, all others are optional.

Home > Events Dashboard > Create Regional Notification

Use the form below to send a notification to your Event Regional Administrator. The notification will be reviewed and determined whether or not the notification should be escalated to an Event or not. Note: required fields are marked in yellow.
